

# AVID Center Path to Schoolwide

Path to Schoolwide trainings focus on schoolwide AVID strategies and methodologies for high school, middle school, or elementary educators. Implementation trainings are designed for those new to the AVID Elective who have not had an opportunity to attend an Implementation strand at one of AVID's Summer Institutes. Path to Schoolwide offers strands to support implementation of AVID Elementary across the school. Foundations 3-6, and Bridges are the initial implementation courses for teachers new to AVID Elementary. Path to Schoolwide trainings include two days of professional learning and all materials. Continental breakfast and lunch will be served on each day of training.
