One-Day District Leadership Strands

AVID works, and we know it works best when it has strong leadership at the district level. Attend this strand and network with district leaders to share ideas and best practices while gaining an understanding about AVID’s professional learning opportunities.

Attend one of these District Leadership Strands:

Districtwide AVID Defined

Discover how to align district resources to support quality schoolwide implementation of your AVID College and Career Readiness System.

Exploring the Domains of Systems and Instruction*
