

AVID supports educators' understanding that CTE success is much more than just developing the skills of the discipline!

AVID CTE Vision

AVID supports school and district career-readiness efforts by providing **strategies for rigorous teaching** and learning that empower students with **academic and 21st century skills** to maximize postsecondary career options.

or Path training in:

- AVID Career and Technical Education
- Disciplinary Literacy strands

“(As a P-Tech campus), we knew that only the AVID system could provide the professional development, common rigorous instructional strategies, and high standards necessary for all students to succeed.”

—Hermann Pereira,
Principal, CTE Director, and AVID Coordinator, Connally
