Does All Mean All at Your School or District?

A strong AVID system transforms the Instruction, Systems, Leadership, and Culture of a school, ensuring college readiness for **all students**.

We invite superintendents, district leadership, principals, and teacher leaders to see how schools across the nation are implementing AVID to:

Ensure student success by incorporating WICOR® strategies throughout content areas and supporting increased rigor through vertical and horizontal articulation.

Provide ongoing professional learning for staff through training opportunities and site-based coaching.

Develop an AVID Site Team that ensures systemic support for implementation.

What Can You Expect From Your School Visit?

- Gain insight from teachers, students, and administrators.
- Observe AVID strategies virtually across grade levels in AVID Elementary classrooms.
